POST-CHRISTIAN CULTURE

FEB 2 - MAR 9

Led by Grant Wright & Shane Gage

D242

As parents, we want to help our kids grow spiritually strong as they develop their own authentic relationship with Jesus. We also want to teach them how to navigate today's often confusing cultural waters with wisdom, grace, and truth. How can we best engage our culture truthfully, thoughtfully, clearly, and graciously? And how can we best model a Christian worldview and mentor our kids in Christ-like cultural engagement? This six-week class will address these questions while touching on timely parenting topics such as: the true meaning of tolerance, sexuality, social media strategies, critical thinking and more.
